

The University of Florida Tropical Research and Education Center (TREC) is looking for a graduate student (intern) or OPS worker to assist with the execution of the agricultural economics program TREC. The position will be located at UF TREC 18905 SW 280 ST Homestead, FL. This is a temporary position (12 months), with a part-time dedication (20 hrs/week).

Job Description:

The person chosen will be required to assist with:

- Collecting primary (interviews) and secondary data for development and implementation of agricultural crop enterprise budgets.
- Developing fact sheets related to price and market analysis.
- Assist with preparing charts, tables, slides etc.
- Weekly updating of the commodity prices on TREC ag-econ website
- Providing periodic reports and carrying out other duties as assigned.

Preferred Qualifications:

- Masters in agribusiness, agricultural economics, economics, business administration or related field.
- Excellent oral and written communication skills; bilingual in English and Spanish preferred.
- Excellent interpersonal skills; ability to work with people from different professional backgrounds.
- Interest in production economics.
- Intermediate to advanced knowledge of Microsoft Excel.

In order to be considered, please submit a current CV before December 8, 2017 to Fredy.ballen@ufl.edu
